# CLEAN CAUSE.

Clean Cause's mission is to support individuals in recovery from alcohol and drug addiction by donating 50% of net profits or 5% of net revenue, whichever is greater, to the CLEAN Cause Foundation. Coined "CLEAN Kickstarts" their recovery housing initiative is intended to bridge the critical gap between rehab & reintegration. They believe this provides those early in recovery the opportunity to establish a recovery routine & find employment, all in a safe, supportive & structured environment.

## Pamela's

Pamela's Products was founded by Pamela Giusto-Sorrells in 1988. Born into a family of bakers in Northern California, Pamela used her passion for baking to create a new kind of company out of her very own kitchen. Her mission from the beginning was to give her family, and yours, DELICIOUS gluten-free foods crafted with love and the highest quality ingredients. That mission still drives everything they do today.

Eat The Change is on a mission to create chef-crafted and nutrient dense snacks that are kind to the planet. With their Planet-Based commitments, they're expanding the possibilities and the impact of planet-friendly foods. Our choices about what we eat represent our single biggest daily opportunity to change our environmental footprint. Eat the Change® combines marketplace solutions with education and activism to empower consumers to make dietary choices aligned with their concerns around climate and health.
